

## نموذج وصف المقرر

### وصف المقرر

يوفر وصف المقرر هذا إيجازاً مقتضياً لأهم خصائص المقرر ومخرجات التعلم المتوقعة من الطالب تحقيقها مبرهناتاً عما إذا كان قد حقق الاستفادة القصوى من فرص التعلم المتاحة. ولا بد من الربط بينها وبين وصف البرنامج؛

المؤسسة التعليمية	كلية الرشيد الجامعة
القسم العلمي / المركز	طب الأسنان
اسم / رمز المقرر	طب اسنان الاطفال / Paed ٥٨٠
أشكال الحضور المتاحة	محاضرات نظرية و عملية
الفصل / السنة	سنوي / 2021-2020
عدد الساعات الدراسية (الكلي)	٣٠ ساعة نظري و ٩٠ ساعة عملي
تاريخ إعداد هذا الوصف	٢٠٢٠/١٠/١
٨. أهداف المقرر	
١. Introduction to the fundamentals of Pediatric dentistry	
٢. Allowing students the ability to distinguish between primary and permanent teeth and their needs	
٣. Finding the relation between the dental materials learned and the application of these materials in pedodontics	
٤ - Allowing the students to have critical thinking and judgment of immediate and delayed treatment decisions	

١٠. مخرجات المقرر وطرائق التعليم والتعلم والتقييم

أ- الأهداف المعرفية

- ١أ - knowing the basic principles child behaviour management and phycology
- ٢أ - knowing how to differntiate between primary and permanent teeth
- ٣أ - Knowing how to treat a child with the objective of long term dental health
- ٤أ - knowing how to communicate with parents

ب - الأهداف المهاراتية الخاصة بالمقرر.

- ١ب - Safe use of rotary instruments both high and low speed in a childs mouth
- ٢ب - removal of adequate amount of tooth structure during preapration
- ٣ب - Correct positioning and ergonomics
- ٤ب - correct infection control behavior

طرائق التعليم والتعلم

The Student is encouraged to participate in both verbal and motor skills ,they are rewarded for discussions and are continually asked questions to stimulate critical thinking and problem solving . this is done both in the lecture room and clinic

طرائق التقييم

Q and A during the lecture and clinic  
term exam  
term assignments  
midterm exam  
final exam  
professional demeanour and use of dental terminology during sessions

ج- الأهداف الوجدانية والقيمية

Showing a genuine attitude towards Oral health education, showing ability to convey the material learned into practical skills . showing the interest to continue to learn beyond what is being presented and a thirst to acquire knowledge and convey the message of dental health to the public

طرائق التعليم والتعلم

Using Power point presentations  
Including photos and video ،  
Printouts of all lectures available before presentation  
White board during the classroom  
digital cameral set up in the clinic for live streaming of demonstrations  
one to one explanations of interesting cases presented in the clinic  
digital upload of all lectures in video format for continuing education

طرائق التقييم

grading of assignments=  
grading of exams  
bonus grades given during Q and A session of the lecture  
grading treatment preparations during the clinic

د - المهارات العامة والتأهيلية المنقولة ( المهارات الأخرى المتعلقة بقابلية التوظيف والتطور الشخصي ).  
1. Showing specific cases during the lecture and opening it up for a discussion to encourage independent thinking  
2. Allowing for extracurricular discussion on certain material  
3. explaining up to date information beyond the curriculum when necessary
